TWINS ADDED! We welcome Maricar and Mariel at Bk. They have undergone Newborn Screening test and are found healthy. The DSWD referred these babies to us and we have given them temporary shelter. According to Jeny, our Social Worker, the mother is still undecided to surrender her babies to us. We are thankful that we can provide the love and care they need and deserve.

FIRE DRILL and FIRE SAFETY SEMINAR AT BK! The Naujan Fire Department visited BK for the annual inspection and fire drill. Our Social Worker, and caregivers were given a lecture on fire safety and how to deal with fire in case of emergency. During the fire drill, everyone was showed how to leave the building with the children safely and deal with fire when necessary.

AN EYE CLINIC WITH OPERATING ROOM FACILITY AT BAHAY KALINGA COMPLEX! As a part of PMA Philippines' Infrastructure Development Project, the construction of an Eye Clinic with an operating room facility in Naujan was completed last December. As early as 2010, Dr. John has been doing monthly visits to BK as part of BK's mandate to have ongoing community outreach aside from Orphanage and child care services. The Operating room, is fully equipped with modern equipment and instruments. The Naujan community and outlying Villages and towns are benefitted from this service.
